We have been learning about ancient civilizations in class. Using what you have learned, along with your own extended research, you will complete a research project on one of four ancient civilizations. Ancient China, Ancient Greece, Ancient Rome, and Ancient Egypt will all be explored by you and your classmates. Your assigned ancient civilization is:

Even though you will be completing this project on your own, some of your classmates will be learning about the same civilization. It is important and helpful to share the resources that are available to you.

This research project will have two parts. The first part is a research paper. The second part is a PowerPoint Presentation. Before you start working on either part, you will need to research and plan.

The most important part of researching is **READING!** You will have time in class to read and research, but you may need to spend more time outside of school researching. It is important to use multiple resources and be sure to find information in both books and on the internet.

It is important to pay attention to all due dates in order to make sure you complete your research project on time. Here are some dates to keep in mind:

All research and notes due: \_\_\_\_\_

Rough draft of research paper due: \_\_\_\_\_

Final copy of research paper due: \_\_\_\_\_

PowerPoint Planner Packet due: \_\_\_\_\_

PowerPoint Presentation due: \_\_\_\_\_
